Zaher Gabr

Front-End Developer (Angular)

Professional Summary

I'm a front-end developer specializing in Angular with experience leading development teams and building scalable, high-performance web applications. I have a strong background in state management (NgRx), UI libraries (PrimeNG, Angular Material), and modern styling (Tailwind, Bootstrap). I also create Progressive Web Apps (PWA) and Shopify integrations. I'm passionate about clean code, performance optimization, and delivering great user experiences.
